*Wedding Flowers
Guide and Price List*

Gorgeous, seasonal, scented wedding flowers grown by Frances (that's me) in Cumbria.....

If thinking about flowers is new to you, don't worry! If you don't know the names, it doesn't matter; you don't need to – I've got that covered for you!

Concentrate on the colours you like, and the feelings or effects you want to see and feel with your wedding flowers. Some examples could be, a woodland vibe, like walking through a summer meadow, a spring garden or a wild autumn feel.

I'm not a traditional florist – the majority of the flowers I use are grown in my own cutting garden in Kirkby Stephen, supplemented when necessary with seasonal flowers/foliage from fellow British growers. I cannot promise to provide a specific variety of flower for your wedding, though I do work and grow to colour palettes.

My flowers are sustainably grown (peat and chemical free), my floristry methods are foam free and designed with environmental costs in mind. Everything used in your wedding flowers can be reused, recycled or composted.

This is how we do weddings here at Clodhopper Blooms...

First think about your colour palette. Eg. white and green, pinks, pastels, blue purple and white, autumn hues. There's some examples below.....You might be thinking you just want the whole garden – a mix of everything, that's fine too!

GREEN AND WHITE

BRIGHT MIX

PASTELS WITH WHITE

AUTUMN HUES

Think about what kind of vibe inspires you; for example, do you want to feel as though you've walked through a meadow and gathered armfuls of flowers, or you're having a magical moment in a woodland....

Share with me any photos/Pinterest boards/ideas that have inspired you. Screenshots emailed to me are an easy way of doing this!

Your budget.....

It's a good idea to work out your floral budget is before you contact me with your ideas. The following pages should help you decide how you want to split your budget, ie between bridal party flowers, ceremony flowers and venue decor.

The prices in this PDF are a guideline; we can add or decrease numbers of flowers to make the best use of your money.

There is no minimum spend, and a deposit of £100 will secure you my flowers and floristry services for the date of your wedding. The remainder of the payment must be settled 4 weeks before the date of the wedding day.

Your flowers can be used in more than one place in the venue, for example, vases can be hung on shepherds crooks and used for an outside ceremony, before being brought in to decorate the bar area.

Inspiration for your venue: Table Flowers

Large low floral arrangement 80cm long (suitable for the registrar's table or a rectangular top table) £104

Small low floral arrangement 35 cm long (suitable for the registrar's table or a rectangular top table) £60

A group of 3 bottles with flowers/foilage (choose from coloured or clear glass) of varying heights and shapes with flowers £26

A collection of 5 coloured or clear bottles/vases of varying sizes and shapes and 6 tiny clear bottles filled with flowers and foliage £60

5 tiny bottles of flowers holding one or two stems each £15

If you're not sure how many sets of flower bottles to order for the length of your tables, drop me an email and I'll help you decide! Bottles are great for rectangular/trestle tables or round tables. I recommend putting one group of vases at each end of a trestle table, and for a more floral look, add sets in the middle too. Groups of bottles can be spread about a bar area, entrance foyer, cake and gift table too.

A bowl of flowers for the centre of a dining table (these really suit a round table) £85

Fresh flower wreath for table on a log slice £66

Great addition if you have a candle in a glass lantern for the centre.

Inspiration for your venue: Garlands & Extras

Garlands are surprisingly versatile, and you can use them outside or inside.....

Garland with flowers woven in £66 per metre

Garland with just foliage £52 per metre

These foliage garlands, (with or without flowers) can be hung on a structure, eg a pagoda beams, a summer house, entrances, metal archway, church doorway (provided suitable fixings are in already in place) and are also suitable to drape across inside on tables for registrars, rectangular dining tables/trestle tables, top tables, along a bar, over a fire place on a mantelpiece.

Foliage garland for tables with vases of flowers interspersed £68 per metre

This option is wonderful for long dining tables. You can have have the garland in shorter lengths, to leave space for food platters etc; remember the garland doesn't have to cover the full length of the table end to end if you don't want it to!

Thin and delicate foliage garland for tables £23 per metre

This is thin enough to sit under the sharing platters served by The Eden Wedding Barn.

Hire of mossy hessian runners (with extra fir cones if you like!) to place vases/bottles on (per 30cm runner piece) £10

Ideal for woodland wedding vibes, especially in Spring or Autumn. Bottles of flowers can be replaced with pots of Spring flowers and bulbs, email me for more info!

Log slices for hire to place vases/bottles on £5 per log slice

Inspiration for your venue: Floral Arrangements

Large ceremony jar (choice of glass or stoneware) £139

Small table meadow 40 cm long (suitable for the registrar's table or top table (see below) £60

Fresh flower or foliage wreath for an entrance door £66

Cake Flowers from £20

Shepherd's Crooks for outside use, hung with a choice of clear or coloured glass vase/jar with flowers (18 available) £25 each.
The vases can be reused inside if needed.

Bunches of flowers/foilage tied with linen ribbon for ceremony chairs or pew ends £25

Tall vintage urn filled with flowers (see above left) £83

Low vintage urn filled with flowers (see left) £83

The urns would be ideal for a feature piece on a table, sideboard, fireplace or entrance hall.

Bucket of seasonal mixed flowers & foliage for creating your own arrangements £75

I just wanted to say thank you so so much for my beautiful flowers. They were just stunning!! Everyone was commenting on how beautiful they were ... "the nicest I have ever seen at a wedding" .

They were just perfect 😊

Hi Frances

I just want to say a huge thank you for the wonderful bouquets, button holes & flower arrangements you prepared for my daughter Ailsa's wedding to Tom on Sunday at Eden Barn. They were just beautiful & exactly what she wanted.

We are still enjoying their beauty as we have stayed on in the area & filled the house with the flowers.

Thank you once again and I wish your business every success. You are a very talented lady.

Kind regards

I wanted to thank you for the absolutely beautiful flowers you created for our daughter Niamh's wedding on Monday. We loved the more natural look and it was so well suited to Niamh's tastes. Everyone commented on how beautiful the flowers were, so thank you for all your preparation and well thought out selection. Best wishes,

KIND WORDS
FROM LOVELY
CLIENTS!

I absolutely adored my flowers- as did my sister. The bumblebees loved the flowering oregano especially, which I thought was very cute.

What can I say!!! Frances created the most amazing colour palette for my wedding day. She captured my vision perfectly. I asked to feel like I had walked through a meadow and picked some wild flowers! I was honestly blown away.

My sister and I had the pleasure of visiting Frances's stunning flower garden prior to my wedding day which was such a lovely experience. The flowers Frances produced were stunning I honestly couldn't have asked for more.

Frances thank you so so much for your talent and your kindness. You truly are a lovely person and you were a huge part of making my wedding day the perfect day.

Thank you, we love you ❤️
